

Cheesy Waffles Project Pawprints Activities Challenge

We are launching a new Pawprints Activities Challenge Package to engage our project members over the next few months. They are suitable for all ages and abilities. These are the initial challenges but there will be more to participate in once these are complete.

All Information will be sent to you and support and advice will be available from members of our staff team.

On completion of each challenge we will issue a participation certificate but there is also the option to purchase a fabric badge, these are good quality and a great way to record progress made – they can be sewn onto CWP T Shirts etc.
